

```
gko::matrix::Csr< ValueType,  
  IndexType >::strategy_type
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the C++ type `gko::matrix::Csr< ValueType, IndexType >::strategy_type`. The bottom box is gray with a black border and contains the C++ type `gko::matrix::Csr< ValueType, IndexType >::load_balance`. A blue arrow points vertically from the bottom box to the top box, indicating that the `load_balance` specialization inherits from or is a specialization of the `strategy_type` base type.

```
gko::matrix::Csr< ValueType,  
  IndexType >::load_balance
```
