

gko::log::Logger

```
classDiagram
    class gko_log_PerformanceHint["gko::log::PerformanceHint"]
    class gko_log_Logger["gko::log::Logger"]
    gko_log_PerformanceHint --|> gko_log_Logger
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'gko::log::PerformanceHint'. A blue arrow points vertically upwards from this box to a white box labeled 'gko::log::Logger' at the top. This indicates that 'gko::log::PerformanceHint' inherits from or specializes 'gko::log::Logger'.
