

gko::log::ProfilerHook
::SummaryWriter

```
graph BT; A[gko::log::ProfilerHook::TableSummaryWriter] --> B[gko::log::ProfilerHook::SummaryWriter];
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a white box representing the base class, `gko::log::ProfilerHook::TableSummaryWriter`. A blue arrow points upwards from this box to a gray box at the top, which represents the derived class, `gko::log::ProfilerHook::SummaryWriter`. Both boxes have a black border and contain their respective class names in two lines.
