

gko::experimental::
mpi::CollectiveCommunicator

```
graph BT; A["gko::experimental::mpi::NeighborhoodCommunicator"] --> B["gko::experimental::mpi::CollectiveCommunicator"]
```

The diagram illustrates an inheritance relationship between two MPI communicators. A light gray box at the bottom represents the base class, `gko::experimental::mpi::NeighborhoodCommunicator`. A dark gray box at the top represents the derived class, `gko::experimental::mpi::CollectiveCommunicator`. A blue arrow points from the base class box to the derived class box, indicating that `CollectiveCommunicator` inherits from `NeighborhoodCommunicator`.
