

gko::span

```
graph BT; A[gko::local_span] --> B[gko::span]
```

The diagram illustrates an inheritance relationship between two C++ classes. At the bottom is a box labeled 'gko::local_span' with a light gray fill and a black border. A solid blue arrow points vertically upwards from the top center of this box to the bottom center of a box above it. The top box is labeled 'gko::span' and has a white fill and a black border. This visualizes 'gko::local_span' inheriting from 'gko::span'.
