

gko::experimental::
mpi::CollectiveCommunicator

```
graph BT; A["gko::experimental::  
mpi::NeighborhoodCommunicator"] --> B["gko::experimental::  
mpi::CollectiveCommunicator"]
```

The diagram illustrates a class hierarchy. At the bottom is a light gray box containing the text 'gko::experimental::mpi::NeighborhoodCommunicator'. A blue arrow points vertically upwards from this box to a white box at the top containing the text 'gko::experimental::mpi::CollectiveCommunicator'. This indicates that 'NeighborhoodCommunicator' is a base class or ancestor of 'CollectiveCommunicator'.
